

You and the CPA Connect Advantage

As a client or prospective client of Kotzan CPA & Associates, P.C., you receive enhanced service for your complete auditing, financial, and business consulting needs through our membership in CPAConnect.

What is CPA Connect?

CPA Connect is a national association of independent owned and managed accounting firms that provide you access to knowledge and markets across the country and around the world. Members share best practices and have access to regional, national and international resources to assist their clients. CPAConnect is a companion association to CPAmerica International. CPAmerica and CPAConnect together form the largest association of independent CPA and consulting firms in the United States. The affiliation of CPAmerica, CPAConnect and Horwath International (our international strategic alliance partner) forms the largest alliance of CPA and consulting firms in the world.

What does our membership in CPAConnect mean to you?

Kotzan CPA & Associates, P.C is positioned to offer you the close, personal attention, loyalty and genuine concern for your unique needs that a firm our size can provide. Plus, we can respond to your complete financial and management consulting needs through our association of national and international CPAs and consultants with a wide range of specialized knowledge.

CPAConnect members offer their clients the best of both worlds: the professional attention of a local firm – with the knowledge and resources of an international association.

How are you assured of quality?

Firms accepted for membership in CPAmerica International must meet high standards of excellence in all aspects of practice, and then continue to pass strict peer reviews every three years.

Likewise, CPAmerica firms and the CPAConnect executive office carefully screen firms that seek membership in CPAConnect, offering affiliation only to selected small firms.
